**Please note:** Please utilize the below budget template to complete the RFA Price Quote requirement. The below budget serves only as a starting point, and DHCS requests you add and/or modify deliverables based on your vision for the Hub and Spoke project.

Deliverables not marked "Mandatory" in the "Deliverable" section may be removed, so long as the work listed in the budget reflects the deliverables listed within the Scope of Work. Mandatory deliverables may be modified. You may also add deliverables but must maintain the same timelines for added deliverables (March, June, August, September, and December). Please ensure you include a price quote for each deliverable.
